

**Bethel Township Board of Trustees
August 30, 2016
Workshop Meeting**

Administration

1: Discussion of Road Department

Administrator Ehrhart was discussing Road Department operations and the financial status of Projects that can be done and what will have to wait.

2: Ditch Clean out's

Discussion took place on correspondence that was received from the County. The information stated that the Township does have the ability to clean out Ditch's. Discussion then took place on whether or not we could financially do so since the Road levy had not passed.

3: Parking Lot update

Administrator Ehrhart said the parking lot repaving project is moving along. The drainage work will be completed first.
