## **ADMINISTRATORS REPORT**

There is one Resolutions on the agenda this evening.

This Resolution is to designate Bethel Township as a Bee City USA Affiliate. Bee City USA strives to spread awareness of bees and pollinators throughout the United States.

Myself and Mike met with Bethel School representatives to review the egress plan for the new elementary school.

The Fire Department has scheduled three training days at the new Stadium for access and hazards of the new facility.

The Township received a grant from the Tipp Foundation for \$6,350 towards the purchase of the new inflatable fire safety house.

The final fire alarm inspection will be on Friday at the new Bethel K-5 school.

## **TRUSTEE REPORTS**

### **TRUSTEE REESE**

- She attended the Huber Heights city council meeting on 6-26
  - During the discussion of annexation and the agreement with Bethel Twp which would put a moratorium on annexation, Gore said he felt he could not bring either item to vote. He will wait until there is a new council seated.
- Land &Lifestyle Preservation Committee mtg was held on 6/21
  - The group discussed the survey results from the yard sale which was created to ask the community to prioritize a list of ideas for the next community event. The top priority is to have a picnic.
  - The committee has completed a letter to send to landowners along 40 who are vulnerable to annexation. We are also working on an email campaign to our legislators to change annexation laws.
  - From here out, meetings will be held on the 3rd Wednesday of each month, so the next meeting will be July 19th. Please join us if you want to help try to save our farmland and lifestyle.
- She attended the Bethel board of education meeting, also on 6/21
  - No annexation discussion, new K-5 building is still on schedule to open this year.

### **TRUSTEE VANHAAREN**

Attended the HH city council workshop meeting last Wednesday. A council member brought up the discussion of a moratorium on annexation but no action was taken and the request to ask staff to work on a moratorium either in the form of a resolution or an ordinance was denied because it needed 5 votes to direct a staff member to work on something.

The newsletter is out and I have gotten 2 calls on the article about the pools and needing a fence.

I have had a few conversations with Paul Huelskamp in the last 2 weeks about the various projects in our township - the waterline extension down 202 is still in the design phase and the sewer and water extensions and upsizing for the potential annexation area are now on hold.

## **TRUSTEE DON BLACK**

I attended the school board meeting. Most of what was talked about was the new school and the Budget.

I attended the Huber Heights meeting. Shaw was not there. I don't know if any of them are with us. Thing they just stirred up other council members.

Working on the School Road, the culvert should be delivered tomorrow.

I talked to more people interested in the Bee City.

### **RESOLUTION #23-07-057**

#### **A RESOLUTION DESIGNATING BETHEL TOWNSHIP AS A BEE CITY USA® AFFILIATE.**

WHEREAS, the mission of BEE CITY USA is to galvanize communities to sustain pollinators, responsible for the reproduction of almost 90% of the world's flowering plant species, by providing them with healthy habitat, rich in a variety of native plants and free to nearly free of pesticides; and

WHEREAS, thanks to the more than 3,600 species of native bees in the United States, along with introduced honey bees, we have very diverse dietary choices rich in fruits, nuts, and vegetables; and

WHEREAS, bees and other pollinators have experienced population declines due to a combination of habitat loss, poor nutrition, pesticides (including insecticides, fungicides, and herbicides), parasites, diseases, and climate change; and

WHEREAS, pollinator-friendly communities can benefit local and regional economies through healthier ecosystems, increased vegetable and fruit crop yields, and increased demand for pollinator-friendly plant materials from local growers; and

WHEREAS, ideal pollinator-friendly habitat (A) Is comprised of mostly native wildflowers, grasses, vines, shrubs, and trees blooming in succession throughout the growing season to provide diverse and abundant nectar and pollen, since many wild pollinators prefer or depend on the native plants with which they co-adapted; (B) is free to nearly free of pesticides, as many pesticides can harm pollinators and/or their habitat; (C) comprises undisturbed spaces (leaf and brush piles, unmown fields or field margins, fallen trees and other dead wood) for nesting and overwintering; and (D) provides connectivity between habitat areas to support pollinator movement and resilience; and

WHEREAS, Integrated Pest Management (IPM) is a long-term approach to maintaining healthy landscapes and facilities that minimizes risks to people and the environment by: identifying and removing the causes of pest problems rather than only attacking the symptoms (the pests); employing pests' natural enemies along with cultural, mechanical, and physical controls when prevention is not enough; and using pesticides only when no other method is feasible or effective; and

WHEREAS, supporting pollinators fosters broad-based community engagement in environmental awareness and sustainability; and

WHEREAS, Bethel Township should be certified a *BEE CITY USA* community local interest to promote bees and to conserve pollinators; and

**NOW, THEREFORE**, in order to enhance understanding among local government staff and the public about the vital role that pollinators play and what each of us can do to sustain them, Bethel Township chooses to support and encourage healthy pollinator habitat creation and enhancement, resolving as follows:

1. Bethel Township is hereby designated as the BEE CITY USA sponsor.
2. The Bethel Township Trustees will designate a BEE CITY USA Liaison.
3. Facilitation of Bethel Township’s BEE CITY USA program is assigned to the Bethel Township Bee City USA Committee.
4. The Bethel Township Bee City USA Committee is authorized to and shall:
  - a. **Celebration:** Host at least one educational event or pollinator habitat planting or restoration each year to showcase Bethel Township’s commitment to raising awareness of pollinator conservation and expanding pollinator health and habitat.
  - b. **Publicity & Information:** Install and maintain at least one authorized BEE CITY USA street sign in a prominent location, and create and maintain a webpage on the Bethel Township website which includes, at minimum a copy of this resolution and links to the national BEE CITY USA website; contact information for your BEE CITY USA Liaison and Committee; reports of the pollinator-friendly activities the community has accomplished the previous year(s); and your recommended native plant species list and integrated pest management plan (explained below).
  - c. **Habitat:** Develop and implement a program to create or expand pollinator-friendly habitat on public and private land, which includes, but is not limited to, Identifying and inventorying Bethel Township’s real property that can be enhanced with pollinator-friendly plantings; creating a recommended locally native plant list to include wildflowers, grasses, vines, shrubs, and trees and a list of local suppliers for those species; and, tracking (by square footage and/or acreage) annual area of pollinator habitat created or enhanced.
  - d. **Pollinator-Friendly Pest Management:** Create and adopt an integrated pest management (IPM) plan designed to prevent pest problems, reduce pesticide use, and expand the use of non-chemical pest management methods.
  - e. **Policy & Plans:** Establish, through the Bethel Township Trustees, a policy in Bethel Township’s Comprehensive Plan to acknowledge and commit to the BEE CITY USA designation and review the Comprehensive Plan and other relevant documents to consider improvements to pest management policies and practices as they relate to pollinator conservation, identify appropriate locations for pollinator-friendly plantings, and consider other appropriate measures.
  - f. **Renewal:** After completing the first calendar year as a BEE CITY USA affiliate, each February, apply for renewal of Bethel Township’s BEE CITY USA designation following the format provided by BEE CITY USA, including a report of the previous year’s BEE CITY USA activities, and paying the renewal fee based on Bethel Township’s population.

**PUBLIC COMMENTS ON ANY TOPIC**

Resident Jeff Morford read a report about Development

Resident Donna Hughes asked Trustee Reese how could she help contact other townships?  
She asked if the Bee City would stop annexation.

Trustee Vanhaaren stated that it would not.

Resident Natalie Donahue wanted to follow up with what Jeff Morford said, and with this down time does the Trustees have a plan or tactics for the next time this annexation moves forward? She stated she hopes there is a plan.

She asked Administrator Ehrhart if he would be in attendance when the State Fire Marshal comes to the School.

Administrator Ehrhart said yes.
